Mary Martell
Certified Clinical Hypnotherapist

An Inspired form of Therapy

Inspired by her own personal success story of weight loss through the science and art of hypnotherapy more than 9 years ago, Mary Martell founded Mary Martell Hypnotherapy with the passion to help others make similar positive personal transformations in their own lives. Her practice focuses on helping adults and children realize their own personal potential by overcoming difficulties in life in areas such as

- Weight Loss
- Insecurity
- Smoking Habits
- Emotional Challenges
- Anxiety
- Study Habits
- Learning Blocks
- Memory Recall
- Phobias and other Fears
- Pain Management
- Self Confidence
- Sports Performance
- Increased Creativity
- Self Healing
- Wart Removal

*** Please, call to learn about additional ways in which Mary's therapy may help you.*

"Mary's therapy helped me resolve an issue that was at the center of my soul, helping deal with years of depression and anxiety..."

Much like peeling an onion, Mary's progressive process enables her clients to open their awareness, one layer at a time, allowing them to make positive transformations in a fraction of the time that other forms of therapy require.

Unlike other forms of therapy, Mary's hypno-therapeutic approach literally transforms negative feelings to positive, which inspires her clients to live their lives to the fullest and to reach levels of happiness that they've never before experienced.

"This is a trustworthy and reliable hypnotherapist. Mary helped me through a number of personal milestones, including assisting me in overcoming the pain and anxiety associated with the high risk pregnancy and birth of my first child."

How Can Clinical Hypnotherapy Help Me?

- With Positive Results in as Little as a Few Weeks of Treatment
- With A Proven Scientific Approach to Personal Development
- With A Focus on Positive Energy to Impact Change
- Beginning with your Personal Desire for Change and Self Improvement
- With Our Commitment to Your Development through Ongoing Treatment Programs
- We are Certified in Clinical Hypnotherapy by the American Council of Hypnotist Examiners
- Through an extended treatment period of up to 10 weeks, in some cases

"I have gained a new understanding and insight into areas of my life that I previously only understood on a very surface level..."
